**Want to pay professional
invoices over monthly

What is SmartFee?

SmartFee helps businesses pay invoices issued for professional fees over a monthly instalment plan.

We do this by funding the invoice, so your accountant or lawyer gets paid up front (by SmartFee) for the total amount of the invoice and you pay the total amount owed on the invoice over a monthly set plan.

Testimonials

What other business owners are saying:

"As with everything in life, accountancy fees, although worth it, can be a significant cost. Our accountant introduced us to SmartFee which enabled us to spread the cost of their fees over a period with a flexible payment plan and first class communication.

We are now able to afford more services from our accountant that we previously hadn't considered, as we thought costs would be prohibitive. We will certainly be using SmartFee again for our tax return invoices and other accountancy services."
