

SUPPORTING PROFESSIONALS AND THEIR CLIENTS SINCE 2003

SmartFee helps businesses pay invoices issued for professional fees over a monthly instalment plan

How do we do this?

We do this by funding the invoice so the firm gets paid upfront (by SmartFee) for the total amount of the invoice and the business owner pays the total amount owed on the invoice over a monthly, set schedule.

SmartFee allows professionals to provide advice to their clients when they need it, not just when they can afford it.

Why use SmartFee?

- No cost to your firm or lock in contract
- Simple transparent online sign up process for your client
- Free ongoing training and support in a format that suits your firm
- Full invoice amount paid to your firm within 3 business days of your client making their first instalment
- No application or administration fees
- Approval within 24 hours for your client
- Dedicated Client Relationship Manager to administer client accounts and minimise potential missed payments
- Branded online payment portal so your clients can pay you direct or using SmartFee

Why are we different?

Well it's not just the numbers. Over the past 20 years, we've helped hundreds of firms get paid sooner, while offering clients, fast and convenient ways to pay their invoices.

We developed the SmartFee monthly payment solution to assist professionals with being paid on time and relieve business owners from cash flow pressures. The SmartFee service also allows professionals to invoice their clients in advance, so clients are able to pay the fees over manageable monthly instalments.
